Welcome to the final week of June, GDPE!

I hope you all are enjoying your summer and the sunshine that has managed to keep its presence for more than a single day! As we enter mid-summer, I encourage you all to stay connected.

Students, you all should have been invited to a GDPE Student Teams account for you to ask questions, get feedback, and connect with your peers. It would be a great place to start conversations on co-facilitating an EOL592 course (perhaps for fall) - I know many of you had some great ideas! Advisors/faculty, please encourage your students to use this resource!

With next Monday and Tuesday off for the holiday, I hope you enjoy your long weekend!

Josie Otto
GDPE Sci Comm Fellow

GDPE EVENTS & ANNOUNCEMENTS

Peer Mentorship Feedback Survey (only for 2022-2023 peer mentors and mentees)
This past year was the first year of our renewed, revised, and (hopefully) improved peer-mentor program in GDPE. Reflecting on and assessing this program is integral to improving it! Therefore,
we need your feedback. Please take some time to complete this survey. We’re guessing this will take about 10-15 minutes to complete (maybe less or more, depending). We have included questions about your experience, about the program, and about future endeavors. The survey is open now, but will close on July 1st at 11:59pm. This will allow us to assemble the results and implement changes to things like surveys for in-coming students, matching peer-mentor groups, etc well before orientation.

---

**GDPE Sports League**
GDPE sports league events will be held on **Wednesdays @ 5:30pm**. We will try to plan all the activities mentioned in the poll but if anyone is itching to play something specific just let us know and we can try to set it up.

For more info, contact Kord Dicke (Kord.Dicke@colostate.edu).

---

**Call for ECOL 592 Submissions**
These unique seminars provide cutting edge ecology topics which are changed and updated each semester. We are currently accepting submissions from students and faculty for the Fall 2023 semester. Previous seminars and those scheduled for fall can be found [here](#). Click [here](#) to access the submission form. Submissions are accepted up until the first week of the semester.

ECOLOGY & CSU EVENTS

17th Annual Graduate Climate Conference
The GCC is an annual interdisciplinary climate conference run by graduate students, for graduate students featuring panel discussions, presentations, workshops, social events, and more. GCC highlights climate research from a variety of disciplines within the physical, natural, and social sciences and humanities.

This year, the event will be held at the Marine Biological Laboratory in Woods Hole, Massachusetts on November 2 - 4th, 2023. Click here to learn more about the event and to apply.

4th Annual SyncroSim 2023 User Conference
Save the date for the fourth SyncroSim user conference! SyncroSim 2023 will take place from September 19-21, 2023 at the Fort Collins Science Center.

The conference is designed for researchers, data scientists, policy makers, and anyone interested in applying cutting-edge simulation modeling techniques to support decisions for complex ecological systems. SyncroSim is a versatile software platform for developing, running, and analyzing geospatial forecasting models.

Registration is open. Click here for more details.

FALL 2023 COURSES

Visit our Curriculum and Courses page to learn more about what courses are offered each semester.

ECOL 592 Course Descriptions are listed on our website here.

Students may submit Course Overrides, Late Registrations, or Course Petitions here.

Course instructors and meeting locations can be found online in RamWeb.
Let us know about your recent publications!

We are trying to highlight the great and diverse science that our faculty and students are doing. If you have recently published an article, please fill out the form linked below and our Sci Comm Fellow, Josie Otto, will add you to our new Recent Publications section above. We can also feature your work on our website!

*Please note that inclusion of events and publications in the Digest is not an endorsement by GDPE*

---

**Share your Recent Publication or Research Highlight**

---

**We want your feedback!** Do you have comments or suggestions about how your GDPE experience can improve? Let us know! Contact your ExCom Student Representatives, Mel Morado and Elizabeth Diaz-Clark to provide your feedback.

**Stay in touch by tagging GDPE** in your posts and photos on Twitter (@CSU_Ecology) and Instagram (@CSU_GDPE). Use hashtags #GDPE and #CSU_Ecology. We’d be happy to help highlight your research!

**GDPE Social Listserv** - Please make sure to sign up here for the GDPE Social Listserv to keep up with all the fun events we have planned this year!

**GDPE Slack Channel** - Join our GPDE Slack channel here.

**GPDE Student Teams Channel** - Join our Teams Channel here.

---

**Submit Photos**

---

We want your photos! What are you up to, how is your field and lab work? Share them with us here.

**JOBS, FELLOWSHIPS, INTERNSHIPS**

**Smith Fellows 2024 Call for Proposals**

**Deadline September 15, 2023**

The Society for Conservation Biology is pleased to solicit applications for the David H. Smith Conservation Research Fellowship Program. These **two-year postdoctoral fellowships** provide support for outstanding early-career scientists who propose innovative ways to link conservation science and theory with policy and management. The Program supports and encourages Fellows to improve and expand their research skills while directing their efforts towards addressing conservation problems of pressing concern for the United States. Click here for more details.
